#### Associated Recall

#### Incident Details

**Incident Description:** Jetson Jstrike spontaneously burned from the battery. Hoverboard hasn't been used in over a year and was stored unplugged with what was thought a drained battery. We smelled something burning and discovered the hoverboard hot to the touch with 2 melted through holes. Was purchased at Target during the 2019 Black Friday sales.

**Incident Date:** 6/26/2022

**Incident Location:** Home/Apartment/Condominium

#### Victims Involved

**Injury Information:** Incident, No Injury

**My Relationship to the Victim:** Unspecified

**Gender:** Unknown

**Victim's Age When Incident Occurred:**

#### Comments from the Manufacturer/Private Labeler

**Jetson Electric Bikes:** Our Customer Experience team looks forward to speaking with the customer to learn more about the incident, understand potential causes, and explain the safety and quality measures that we have in place to make sure our products meet international safety standards. As indicated in the Care and Maintenance section of the user manual, customers are advised to: - Avoid using water to clean the Strike, as the electrical and electronic systems may get wet, resulting in personal injury or malfunction of the Strike. If the electric parts or battery get wet, do not power on the Strike. -Fully charge the battery before storing. The battery should be fully charged once a month after this. -Store the Strike indoors, in a dry place. Keep away from fire and excessive heat.
